C++ Exception Handling (Part II)

http://xkcd.com/1024/
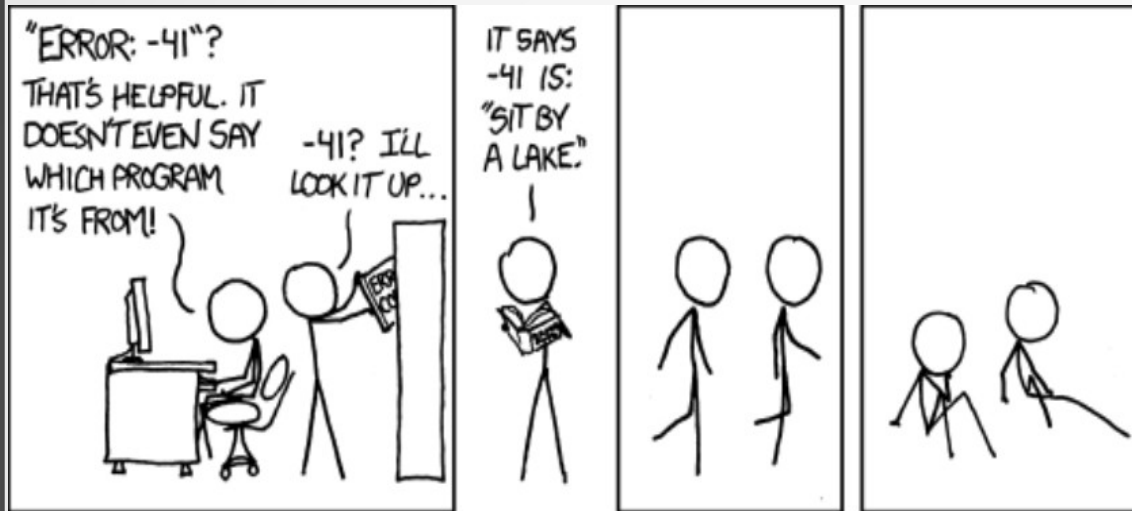

Krishna Kumar

Exception Handling (Simple Example)

- Catching Exception:

- void f() {

        try {

            throw E {};

        }

        catch(H) {

            // when do we get here?

        }

    }
